

OVERTURES TO END BOER WAR

The Holland Government
Makes Proposals in Be-
half of Kruger.

ENGLAND IS READY

The Action Taken Practically
Eliminates Lord Milner as
Factor in Negotiations.

SOME LIBERAL TERMS

Amsterdam, Jan. 29.—The peace
proposition made to Great Britain by
the Dutch government to settle the
Boer war is stated today as of a par-
liamentary nature. The present ob-
ject is to allow the Boer delegates
to use the cables in order to discuss
the terms to leaders in the field.

Denied by Dr. Leyds

Paris, Jan. 29.—Dr. Leyds, the Euro-
pean agent of the Boers today
declared there was no foundation for
the statement that the Boers had
asked mediation by Holland to bring
the war to an end and that Kruger
had not authorized open peace nego-
tiations.

London, Jan. 29.—In the House of
Commons yesterday afternoon the
Rt. Hon. A. J. Balfour, First Lord of
the Treasury and government leader
in the House, announced that the
government of Holland had made propo-
sals for peace between England and
the Boers in South Africa last Sat-
urday, which proposals were now under
consideration by the British Cabinet.
Mr. Balfour's answer was made to
Mr. Labouchere, who asked whether
overtures from the Boers had been re-
ceived. He said that that was not so
but that overtures had been received
from the Dutch government late on
Saturday night.

The Dutch as an Agent
Mr. Balfour said he proposed to
lay the communication on the table
before the House as soon as possible,
with the government's reply.

In its communication to the British
government the Dutch government
suggests that it might be permitted
to act as a sort of diplomatic agent
for the Boer delegates. The govern-
ment, however, expressly disavows
any attempt at intervention and does
not mention any terms.

The British government infers that it
would not have been approached
unless the Dutch authorities were con-
vinced that the Boer delegates now in
Europe were willing to accept the
cardinal points of the British peace
terms so frequently announced in par-
liament.

Liberal Terms Probable

There are many reasons for expect-
ing that terms to be offered will prove
more liberal to the Boers than the
recent utterances of Lord Milner, both
in his last issued blue book and in
his speech in Johannesburg a month
ago.

Most significant of all is the admis-
sion that the first openly announced
overtures for peace have come direct
to the British government from an in-
dependent neutral power and not
from the commandos in the field to
Lord Milner, as they would come from
a defeated force to the official repre-
sentatives of its conqueror.

When the personal conferences be-
tween Lord Kitchener and General
Louis Botha at Middleburg in the
Eastern Transvaal were abandoned
without result last year, the question
was raised in parliament, What was
Botha's chief objection to further at-
tempts to arrange peace? The reply
was that he objected to Lord Milner
personally as the authority empowered
to settle. He regarded him as a self
declared enemy of the Afrikaner race.

THE BIRTHDAY OF M'KINLEY TODAY

Anniversary Was Generally Celebrated
Throughout the United States—
Services at Canton.

Chicago, Ill., Jan. 29.—The anni-
versary of the late President McKin-
ley's birthday was generally celebra-
ted throughout the United States to-
day. Canton was decorated and busi-
ness suspended and memorial exer-
cises were held in the public and pa-
rental schools. Mrs. McKinley's
day was spent at home. No flag or
emblem of mourning was displayed on
the McKinley residence. Tonight in
Chicago a memorial address will be
made by Judge Day a close personal
friend of the martyred president.

RAILROAD TO REAR BABY

Choctaw Line Decides to Adopt Foun-
dling Left on a Car

Wellington, Kan., Jan. 29.—The
Choctaw railroad will rear a baby that
was found abandoned on one of its
cars east of El Reno, Ok., on Friday.
The child was left in a seat in a
basket which was well supplied with
warm clothing and a nursing bottle
filled with milk. On the handle of
the basket was a note saying:
"I have no parents; please take me
to the next station."

The conductor telegraphed to the
company's headquarters and was told
to take the baby to the next station.
Later he received a message order-
ing him to retain possession of the
infant, as the road had decided to
adopt it, raise and educate it. It is
now in a hospital in Wichita.

HENRY C. PAYNE IS GIVEN A BANQUET

His Wisconsin Colleagues Have Him
as Guest of Honor—The Affair
Proves Delightful.

Washington, D. C., Jan. 29.—The
members of the Wisconsin delegation
in congress gave a complimentary
dinner last night to Postmaster Gen-
eral Henry C. Payne.

Wisconsin has been represented in
the cabinet of several presidents,
but the appearance here at this time
of a distinguished representative of
the state, coming in the midst of
an administration, furnished the first
opportunity in the history of the state
when the congressional delegation
had an opportunity to extend a wel-
come to a newly appointed member
of the President's official family.

The dinner was one of the most
elaborate ever spread in the capital
city. At a round table in the mag-
nificent apartments known as the
"Presidential suite" in the new Wil-
lard hotel covers were spread for four-
teen. There were present Postmaster
General Henry C. Payne, the guest
of honor; Senators Spooner and
Quarles and Representatives Cooper,
Dahle, Babcock, Otjen, Barney, David-
son, Esch, Minor, Brown and Jenk-
ins, and Former Representative Ed-
ward Sauerhager, who chanced to be
in the city.

STATE AND FEDERAL COURTS AT PEACE

Application to Intervene in the W. B.
& Iron River Litigation Has
Been Withdrawn.

Madison, Wis., Jan. 29.—(Special)—
The application of the state to inter-
vene in the Washburn, Bayfield and
Iron River railway litigation in the
federal court was withdrawn before
Judge Bunn this morning, assistant
Attorney General Buell stating that
after careful examination that he was
satisfied the court could not obtain
jurisdiction in a matter under the
sovereignty of the state. The state
supreme court having assumed origi-
nal jurisdiction as to the right of the
receiver to tear up the tracks, the
application to intervene in the fed-
eral court becomes unnecessary. At-
torney Hayden was asked to have
Bayfield county, which furnished aid
to the road, made a defendant.

SCHLEY APPEAL IS MADE PUBLIC

Washington, Jan. 29.—Schley's ap-
peal to the president from the find-
ings of the naval court of inquiry
was made public this morning. The
appeal asks that the dissenting opin-
ion of Admiral Dewey be approved
and that the findings of the majority
of the court be annulled.

Three general grounds for object-
ing to the majority findings set forth:
First, the court erred in the opinion
expressed by the majority in ignoring
the question of command at the battle
of Santiago and of the title to the
credit for the victory. Second; erred
in the failure to report on the neces-
sity for the advisability of any with-
drawal of the fleet at night from the
entrance at Santiago harbor. Third;
in not agreeing with all the views set
forth by Dewey.

STONE NEGOTIATIONS DELAYED

Sultan's Official Refuse to Permit of
Her Liberation on Turkish Soil.

Vienna, Jan. 29.—A telegram from
Sofia states that the brigands wish
the liberation of Miss Stone, the captive
American missionary, to take place
upon Turkish territory, and that the
Turkish government will not consent
to this arrangement unless it be ad-
vised of the time and place of the pas-
sage of the brigands across the fron-
tier. The Turkish government also re-
quires that a neutral escort accom-
pany the brigands.

Cardinal Paracchi Is Dying

Rome, Jan. 29.—Cardinal Lucido
Maria Paracchi, subdean of the Sacred
College and Vice Chancellor of the
church, is seriously ill, and the last
sacraments have been administered to
him. He is one of the cardinals who,
it was expected, would succeed the
present pope.

Heavy Loss for Lumbermen

Huntington, W. Va., Jan. 29.—Half
a million dollars' worth of timber was
swept out of Guyandotte river by the
breaking of booms. Great damage is
reported along that stream by the un-
usually high stage of the river.

Battleship Injured at Valparaiso

Santiago de Chile, Jan. 29.—Rear
Admiral Silas Casey, commander-in-
chief of the Pacific station, whose flag-
ship, the United States battleship
Iowa, is at Valparaiso, arrived here
yesterday and will visit President
Riesco to-day.

Fire in Iowa Town

Des Moines, Iowa, Jan. 29.—Fire
broke out in the town of Rippey,
Green county, early yesterday morn-
ing and destroyed the business por-
tion of the place, entailing a loss of
\$50,000.

To Retire Admiral Sampson

Washington, Jan. 29.—Rear Admiral
William T. Sampson will be placed on
the retired list on Feb. 9, at which
time he will have reached the age limit,
62 years. The Admiral is still very
ill.

NINE BURNED TO DEATH IN BOSTON

Italian Tenement House
Destroyed by Flames
This Morning.

PANIC IN ST. LOUIS

Guests of the Lindell House
Driven Out in Most
Scanty Attire

FOUR FIREMEN HURT

Boston, Jan. 29.—Nine persons dead,
three probably fatally burned, three
seriously hurt in jumping from win-
dows and ten others more or less in-
jured were the result of a fire just be-
fore 2 o'clock this morning in an It-
alian tenement house on Fleet street,
north end. Seven of the dead are
adults, three of them women and the
eighth is a child. The building was
four stories in height at 6 to 10 Fleet
street. The fire was not seen until it
was under headway so that sleeping
inmates on the upper floor were cut
off.

Before the firemen arrived two women
and one man were seen to throw
themselves from windows of the third
floor to the street below.

After the firemen had succeeded in
subduing the flames they began a
search of the rooms and found eight
bodies. The firemen and police officers
labored hard in giving the unfortun-
ates emergency treatment, but their
efforts were in vain, for all had in-
haled flame and smoke and their bod-
ies in most cases were blistered by the
fierce heat which they had encoun-
tered.

HOTEL GUESTS IN A PANIC

Lindell House, at St. Louis, Threatened
with Destruction by Fire.

St. Louis, Mo., Jan. 29.—Two hun-
dred and thirty guests of the Lindell
Hotel were driven from their apart-
ments into the sleety streets at 10
o'clock last night by fire which
wrecked the adjoining building at the
corner of Seventh street and Washing-
ton avenue, and for thirty thrilling
minutes threatened to sweep away the
hostelry.

Women were carried from the upper
floors by elevator and down the stair-
way in fainting condition. Mothers
with infants in their arms groped their
way through suffocating smoke. Men
dragged their trunks after them down
the broad stairways of the hotel, and
clerks in the office hastily procured
the valuables of the guests from safes
and vaults and carried them to places
of greater safety.

The structure in which the fire
originated was a seven-story brick af-
fair known as the O'Neill building. It
was an ancient and inflammable struc-
ture. There were a dozen or more
firms occupying it, of which the largest
concern was the L. Bauman Jewel-
ry company. The losses suffered by
these concerns will approximate \$300,-
000.

The Lindell Hotel was damaged by
smoke and water to the extent of
\$25,000.

Four firemen were injured, but none
of them seriously. The total losses
will reach half a million dollars.

German War Tax War

Berlin, Jan. 29.—Baron Heyl zu
Herrnsheim, liberal, debating before
the tariff commission his motion re-
quiring the presentation of certificates
of the origin of imports, said: "My
demand is for a tariff with minimum
rates for application to those Euro-
pean powers making us corresponding
concessions and with maximum rates
applicable against the United States
and British colonies."

Soldier Punished for Killing Filipino

Washington, Jan. 29.—Secretary
Root announces that Lieutenant Pres-
ton Brown of Fort Thomas, Ky., who
killed a Filipino who refused to obey
orders when commanded to assist a
drowning man, would be punished by
a reduction of thirty numbers in his
rank. He also loses half pay for nine
months.

Clear Away New York Wreckage

New York, Jan. 29.—Clearing away
of wreckage and repairing buildings
damaged by the tunnel explosion were
resumed at daylight yesterday. All the
hospitals to which injured persons
were taken after the explosion report-
ed that the patients were doing well.

United States Steel Earnings

New York, Jan. 29.—The officers of
the United States Steel corporation
have prepared a detailed report of the
business ending Jan. 31. It is said the
report will show earnings at the rate
of \$100,000,000 a year.

President Morrisey Will Recover

Notre Dame, Ind., Jan. 29.—The doc-
tors' report on the condition of Presi-
dent Morrisey is encouraging. His
recovery, though slow, should be unin-
terrupted. His mind is rapidly clear-
ing.

HAVE SOLVED CANAL PROBLEM

Compromise Bill in Sen-
ate on Which All
Can Agree.

PRESIDENT FOR IT

The Executive Will Be Given
Full Authority to Select
the Route.

WORK BEGINS AT ONCE

Washington, D. C., Jan. 29.—Just
before the senate adjourned last night
a bill was introduced for a compro-
mise canal measure, which is under-
stood to be submitted with the entire
approval of President Roosevelt and
the administration generally. The
bill was presented by Senator Spooner
of Wisconsin, who has come to be
recognized as the month piece of the
administration on all matters pertain-
ing delicate legal and constitutional
questions.

This new compromise on the canal
question, which it is now believed will
be passed by both houses, provides
that the president shall purchase the
rights of the Panama canal company
including the stock in the Panama
railroad, for the gross sum of \$40,000,-
000.

Two Important Provisions

There are two important provisions,
however, which require the president
to satisfy himself first, that the Pan-
ama company can give a sufficient title,
free from ordinary legal and diplo-
matic drawbacks; second, that Colum-
bia will grant a reasonable concession
to the United States; and third, on
the final condition that the president
shall be reasonably satisfied of the
probability of the canal of the Panama
route being completed at a total cost
of \$135,000,000.

In case that any of these conditions
cannot be satisfied the president is di-
rected to choose the Nicaragua route,
and the sum of \$10,000,000 is ap-
propriated at once begin to work by
either route.

The purpose of this bill, which un-
questionably has the sanction of
President Roosevelt, is to secure the
building of a canal by one of the
two routes and prevent the present
Panama Canal offer being used mere-
ly to kill off the Nicaragua proposi-
tion.

President is Willing

President Roosevelt did not want
to have thrust upon him the responsi-
bility of deciding outright as to the
availability of either route. He was
willing to accept the duty of ascertain-
ing whether the Panama offer was
made in good faith and is free from
ordinary diplomatic and financial ob-
jections. If such is shown to be the
case he is required to accept the offer
of the French company, but if he
finds a flaw in the title, a dangerous
financial prospect, or an evident
financial miscalculation he is therefore
equally obliged to begin work on the
Nicaragua route.

The compromise bill offered by
Senator Spooner today will, it is be-
lieved, be acceptable to all sides of the
controversy except possibly to the
friends of the visionary Darien route,
which proposes to dig a tunnel 150 feet
high and 250 feet wide through a
mountain once said to be granite but
now known to be crumbling stone.

MARINES CRAZED FOR LACK OF FOOD

Awful Suffering of Capt. Porter's
Command in Samar—Eat the
Flesh of Dogs.

Manila, Jan. 29.—The ten marines,
members of Captain David D. Porter's
expedition, lost on the island of Sa-
mar, have been rescued. But they are
pitiful wrecks. Starving, poison-
ed by brambles, feverish from impure
drinking water, all delirious and
some insane, there is scant hope that
any of them will ever recover from
their terrible experiences.

When the relief force under Wil-
liams of the First Infantry located the
missing men two of them were in
trees barking like dogs, and three of
the unfortunates staggered into the
relief camp delirious and unable to
explain the whereabouts of their com-
panions.

The marines suffered frightful
hardships. For several days they
were without food. To avoid starva-
tion they ate raw, the flesh of two
dogs. The natives accompanying them
claimed that they could not dis-
tinguish the edible roots. As a re-
sult some of the men devoured poi-
sonous roots and berries and suffered
intense agony and insanity.

To add to their hardships, torren-
tial rains flooded the island, swelling
all the streams and making progress
almost impossible. In the face of
these conditions Williams and his
band of rescuers pushed into the inter-
ior and finally succeeded in locating
all the men.

Dryden Elected Senator

Trenton, N. J., Jan. 29.—The two
houses of the legislature met separa-
tely at noon yesterday and voted for
United States Senator. John F. Dry-
den of Newark, the Republican candi-
date, received 17 votes in the Sen-
ate and 46 in the House. Congress-
man McDermott was given 4 votes in
the Senate and 14 in the House.

STATE GUARD TO GO IN CONVENTION

Wisconsin Militia Officers to Discuss
Affairs of Interest to the Na-
tional Guard.

Milwaukee, Wis., Jan. 29.—Militia
officers of Wisconsin will meet to-
morrow afternoon and Friday in the
Light Horse Squadron armory to hold
their nineteenth annual convention.
Adjutant General Boardman, pres-
ident of the National Guard association
will call the convention to order at
1:30 o'clock. It is expected that
practically all of the National Guard
officers of the state who are on the
active list will be present, besides a
number of former officers.

Transportation will be issued to all
officers on the active list who apply
for it to the quartermaster general.
Papers will be read by Major C. R.
Williams on "The Supply Depart-
ments of the army and of the Wiscon-
sin National guard; the Method of Is-
sue and the Proper Accountability of
Each;" Major E. H. Grannell, "The
Food of the Soldier;" Lieutenant Em-
manuel Rossiter, "Company Cooking in
the Field;" Captain A. E. Lewis, "In-
spections," and Capt. Edward Chyn-
worth, "The Field Exercises of the
Wisconsin National Guard."

DR. RODERMUND'S HOME BURNS DOWN

Appleton Small Pox Specialist Thinks
That Enemies Started the Fire
in His Residence.

Appleton, Wis., Jan. 29.—The home
of Dr. M. J. Rodermund was totally
destroyed by fire about one o'clock
yesterday morning. A high wind was
blowing at the time, and, despite the
efforts of the entire city fire depart-
ment, the house was burned to the
ground. Incendiarism is suspected by
the police.

There was no one at the house
when the blaze started, and the fire-
men state that when they arrived
the structure was a mass of flames.
The doctor himself thinks it possible
that the house might have been set
on fire by one of his enemies. There
have been numerous threats against
Dr. Rodermund of late, and the re-
port is gaining credence that one of
them may have been carried out by
his enemies.

Rodermund is a doctor who smeared
smallpox virus over his hands a year
ago and then escaped from a year's
guard of six police officers. He started
on a week's trip from town to
town, intending to prove that small-
pox is not contagious. Thus thou-
sands were exposed and the epidemic
now raging at Appleton is attributed
to his coming. The authorities, as
well as the general public, are in-
censed, as Rodermund has been incit-
ing people against quarantine laws.

Now, the people say, retribution
has come, for the doctor's wife, son
and three daughters—the entire family
—are stricken with typhoid fever.
The destruction of his home is regard-
ed by some as another visitation of
an avenging fate.

STEEL TRUST IS PROSPEROUS

Detailed Report Now Ready Will
Show Large Earning Capacity

New York, Jan. 29.—The officers of
the United States steel corporation
have prepared a detailed report of the
business of the combine for the ten
months ending Jan. 31. The re-
port will be given out tomorrow and
will not be laid for the annual meet-
ing in February. It is said that the
report will show earnings at the rate
of \$100,000,000 a year. It
greatly surprise many persons who
believe that the pendulum of trade
has begun to swing away from the
high mark of prosperity to learn that
the prosperous condition of the iron
and steel business, according to the
report, is unparalleled and promises
to last throughout the entire year.

SPARKS FROM THE WIRES.

Wolcott, Ind., Jan. 29.—Fifteen
buildings in the business section were
burned last night. Loss two hundred
thousand dollars.

Washington, Jan. 29.—Admiral
Rogers cables from Cavite of the
death of Private Richard Kettle, one
of the marines who was led by Cap-
tain Porter in an exploration in the
interior of Samar of exhaustion and
blood poisoning.

Chicago, Jan. 29.—A seventeen year
old boy, Horace Schoder, was killed
this morning in a desperate battle
with burglars who sought to rob the
store in which the boy was employed.
The body of the heroic youth was
found behind the counter with his
employer's cash bag in his hands.

Chicago, Jan. 29.—Two were killed
and three probably fatally injured in
an explosion of molten metal in the
Illinois Steel works early this morn-
ing.

Chicago, Jan. 29.—Rather than sub-
mit to arrest, James Walsh, a young
burglar, suicided by shooting when
cornered in a room of the Revere ho-
tel by officers this morning.

William Given Yacht to Navy

Berlin, Jan. 29.—Emperor William
has presented his yachts Meteor and
Comet to the German navy. Emperor
William has promoted Vice Admiral
von Dederichs to be an admiral.

Queen Alexandra Slightly Ill

Windsor, England, Jan. 29.—Queen
Alexandra is again slightly indisposed,
owing to a cold. This has caused a
postponement of King Edward's re-
turn to London.

PROGRAM FOR PRINCE'S VISIT

Details From Feb. 22 to
March 1 Are Defi-
nitely Settled.

LAUNCHING FEB. 25

Will Be in Milwaukee for a
Seven Hours' Stay on
March 4.

IN CHICAGO MARCH 3

Chicago, Ill., Jan. 29.—Prince Henry
will arrive in Chicago March 3, at
6:30 p. m., and will leave at 2 o'clock
the following day, according to the
information brought back from Wash-
ington by Colonel E. G. Halle, who
went to the capital as a delegate from
the German club to see the German
ambassador. From here the prince
will go to Milwaukee. He will not
return by way of Chicago, but will
not stop there.

Owing to the very short stay which
the prince will make, it was decided
that all the various civic and federal
bodies and societies of different na-
tionalities should unite in offering
him a welcome. Mayor Harrison
will appoint a committee of probably
500 prominent citizens to act as a
committee of arrangements and plan
all the details of the reception.

In Milwaukee March 4

Milwaukee, Jan. 29.—Mayor Rose
received a telephone message yester-
day from Dr. Wever, the German
consul at Chicago, saying that it would
be impossible to arrange for a longer
stay than was at first arranged for
Prince Henry. According to the origi-
nal programme the prince will ar-
rive at Milwaukee on March 4 at 4
o'clock p. m. and leave at 11:30
o'clock. What manner of entertain-
ment will be afforded rests with the
committees of citizens appointed.

Program Finally Complete

Washington, D. C., Jan. 29.—The
programme for the reception and en-
tertainment of Prince Henry of Prus-
sia was finally completed today as
far as the exchanges between the
president and the German prince are
concerned. The arrangements now
agreed upon differ somewhat from
those tentatively made heretofore,
and permit the prince and party to
spend more time in New York City.
Senator Dewey of New York is
preparing a bill, when enacted,
will permit President Roosevelt to
accept any token which the German
emperor may offer as a personal sou-
venir of the auspicious event. This
is merely following the precedents
which have prevailed since the ear-
liest days.

POULTRY SHOW OPENS AT OSHKOSH

Fifth Annual State Convention and
Exposition with 2,000 Exhib-
its in Progress.

Oshkosh, Wis., Jan. 29.—The fifth
annual exposition and convention
of the Wisconsin state poultry as-
sociation opened yesterday noon at the
Century rink, on upper Main street.
The exhibits number 2,000, and many
more are expected tomorrow. The
cold spell having operated to delay
shipments. One of the features of
the exposition is the menagerie of
wild and pet animals from the North-
ern Hospital for the Insane. The
list of exhibits includes not only all
classes of fowl, but many Belgian
hares, blooded dogs and cats. A. B.
Shaner of Lanark, Ill., will act as
judge of the birds.

Not Acquired by Steel Trust

New York, Jan. 29.—It is stated by
Wall street men that there is no
ground for reports that the United
States Steel corporation has acquired
control of the Allis-Chalmers com-
pany or will

LIVELY TIMES IN SOCIAL CIRCLES

Masquerade of the Concordia Was the Usual Success—Trainmen Entertain—Other Events.

The thirty fourth annual masquerade of the Concordia society held last evening at the Armory was a success in every particular. Early in the evening the masks began to arrive until nine o'clock when there were at least one hundred couples in costume on the floor and as many spectators.

The sole aim of those present was to have a good time and as the Concordia dances are noted for good times, all got what they were looking for. The costumes of the maskers were varied and unique and some of the ladies were handsomely dressed.

The grand march was called at eleven o'clock and after making the circuit of the hall a couple of times, all unmasked. The judges awarded the prizes as follows: Ladies' first, Mrs. H. Anderson; ladies' second, Miss Clyde Gordon; gentlemen's first, O'Reilly; gentlemen's second, Wm. Davis.

Prof. John Smith's orchestra furnished the music for the dance and was up to the usual standard of excellence. After eleven o'clock the spectators joined in the dance which was kept up until a late hour this morning. Outside of having to drop a few disorderly parties over the stairs railing and locking one or two up the entire police force did not have much trouble in managing the gathering.

Woodmen Were Surprised

The Modern Woodmen of Florence Camp No. 366 were genuinely surprised by about forty Royal Neighbors who entered their camp room last evening while they were attending to the regular work of their meeting. The ladies brought with them baskets of eatables and after being welcomed heartily by the Woodmen, they retired to the dining room and soon had the tables loaded with the good things they had brought with them. The Woodmen were then invited down to partake of the feast. About ninety people were served at the tables. During the evening numerous speeches were given which were much enjoyed by all. Cards for a feature of the evening and all departed for their homes vowing that no social entertainment of the two lodges ever surpassed the "surprise" by the Royal Neighbors.

Trainmen Entertain

The Ladies' Auxiliary to the B. of R. T. royally entertained thirteen members of the Devil's Lake Lodge, No. 224 of Baraboo at their lodge rooms last evening. The hall was tastefully decorated and the evening was spent pleasantly at cards. The first prize was awarded to Mrs. Neubauer of Baraboo and the consolation to Mrs. Jones of that city. Luncheon was served during the evening and the guests returned to their home city on the 12:10 delighted with the manner in which they had been entertained.

A Very Pleasant Surprise

Mrs. C. J. Blakely was tendered a very pleasant surprise party yesterday afternoon at her home at 303 Glen street by about twenty ladies of the Women's Relief Corps. The occasion was Mrs. Blakely's birthday and the afternoon was spent at games and amusements and in a general social way and a most enjoyable time is reported. During the afternoon Mrs. Blakely was presented with a beautiful china salad dish by her guests. At six o'clock refreshments were served.

A Merry Evening

A party of the friends of Edward Connors gave him a pleasant surprise party at his home on North First street last evening. It was a merry gathering and the evening was spent at cards. The prize winners were Miss Mame Scanlan and John McCue first; Mrs. Jos. Connors and John Sweeney second; Miss Kittie Scanlan and James Connors, consolations. About forty persons were present and a most enjoyable time is reported. Refreshments were served during the evening.

Royal Neighbors Surprise

The Royal Neighbors worked a pleasant surprise on Florence Camp M. W. of A. Monday night just as a candidate was about to be initiated by walking into the hall with numerous baskets filled with good things to please the inner man. After a few remarks the ladies retired to the supper room and the initiation went on. After the work all adjourned to the supper hall where the good things were served. The Royal Neighbors are royal entertainers as all Modern Woodmen will testify.

The "Sox" Family

The "Sox" family were handsomely entertained last evening by Miss Elizabeth Schlicker at her home on Pleasant street. Amusements of various kinds were indulged in and reminiscences of the family troubles were recalled. Luncheon was served at eleven o'clock and enjoyed by all.

Wallace McGregor, who is now assistant superintendent of the J. I. Case Manufacturing Co., of Racine spent Sunday with his parents, Mr. and Mrs. Alex. McGregor.

Karl's Clover Root Tea purifies the Blood

BOOKS AND MAGAZINES.

Henry Loomis Nelson, the well known political critic and Washington correspondent, contributes to the February Atlantic Three Months of Roosevelt, a brilliant and painstaking resume of the operations of the new administration, from which he draws every encouragement, prophesying that President Roosevelt will avail himself of his splendid opportunities, and influence for good the politics of the country. In The Second Municipal Election in Greater New York, Edward M. Shepard gives a remarkable summary of the recent history of New York politics, the characters of the late candidates and leaders, he states his own reasons for the stand that he took, and closes with a message full of hope and good wishes for his successful competitor, Mr. Low.

Country Life in America, for February is an enlarged number of this beautiful magazine of the world out-of-doors, representing the new expansion of American life to the country. "In Garb of White," the frontispiece, is a remarkable picture of a New England woods road in winter. Among the leading features are "Skibo Castle," the summer home of Andrew Carnegie in the Scottish highlands; "A Sniff at Old Gardens," by J. T. Mowbray, who treats of the vestiges of a past home life on the old Hudson River mansions; and "Cuckoo," an illustrated poem of the woods, by John Burroughs. Other articles and superb pictures touch upon every side of country life. "Prize Dogs" represents St. Bernard's of world fame; "Two Postcards and Several Mistakes," by A. Radcliffe Dugmore, is illustrated by inimitable photographs of the live animals under unique circumstances; while "The Trees," is a large plate of rare beauty covering the two central pages of the large magazine.

The Pilgrim for February, as usual, appeals to a wide and varied taste. An article of striking literary character, charmingly illustrated, is a day on "Transcendental Ground," being the story of an afternoon among the haunts of Emerson, Hawthorne and Thoreau. A strikingly illustrated feature is "Her Majesty, Puss," an article on the varieties and care of cats. Persons interested in household art will find useful suggestions concerning antique and colonial pieces in an excellent article, lavishly illustrated, on the "Furniture of Our Forefathers." Mr. Stewart Edward White, one of the most brilliant writers of fiction, has a most effective character sketch entitled "Apples of Eden;" while W. J. Henderson, the well known operative critic of New York, contributes a story of Madame Marcella Sembrich, the queen of the opera stage.

The publishers of the World's Work call the editor's special attention to Mr. Rudyard Kipling's "The Islanders," which has been so widely discussed by all English speaking people, and which, thoroughly protected by copyright, is printed entire for the first time in America in the February number of this magazine; also the colored map, accompanying the article on "Increasing Railroad Consolidation," which locates clearly the control of the various railroad systems of the country.

NEWS AND GOSSIP FROM THE LINE CITY

Over \$19,000 of the Necessary

\$25,000 to Start the New Hotel, Have Been Subscribed.

Beloit, Wis., Jan. 29.—During a meeting of the stockholders of the new hotel proposed for this city held Monday night, Mr. G. W. Sparks, general superintendent of the Fairbanks, Morse Co. plant here, stated that 150 men are now engaged in making pumps at his local shop, and if a shop was built elsewhere it stands to reason that these men would be transferred to the new shops. In this matter Mr. Sparks remarked that while he was not speaking for Fairbanks, Morse & Co., but as one who knows much about their business, he would say that from the outlook, he personally expected to see from 1,800 to 2,400 men employed in Beloit by this firm in two or three years, if the pump shops were located here. He asked those present to note that this was only his belief, and not a promise of Fairbanks, Morse & Co., however. \$19,000 of the necessary \$25,000 to start the building of the hotel had been subscribed Friday night.

Play Reifenberg, Charles Ward and Willie De Groff, the young boys recently arrested for assaulting old Mr. and Mrs. Graves down on the line, were brought before Judge Booth Tuesday morning and on recommendation of the state were discharged as no prosecuting witness appeared.

After several days' consideration of the case the commission appointed by the court to fix damages for the right of point railway track across the land of Julius Flint, proprietor of the Star Mills, Monday came to a conclusion and awarded Mr. Flint \$1,250 damage.

A disappointing small audience greeted the Beloit City band at its concert in the Wilson theater Monday night, although the program rendered was one of rare merit and a treat to lovers of the artistic in music.

At a meeting of the Second Congregational church membership Monday night the resignation of the Rev. W. W. Sleeper as pastor of the church was formally presented and accepted.

Thickest Ice in Years.

E. B. McLaughlin, who has harvested ice from the Rock river in this vicinity for the past sixteen years, stated that the ice he is cutting at the present time is the thickest that has been cut in many years. The blocks are twenty-two inches square and twenty-three inches in depth and will weigh two hundred pounds. Mr. McLaughlin has a contract to supply 4,000 of these cakes to the Robinson brewery.

HUMANE SOCIETY; SOME OF ITS WORK

A Home Institution That Deserves the Earnest Support of All Good Citizens.

The Humane society is an essentially home institution so far as the local branch is concerned. It is supported by contributions from home people and does all its work in Janesville. It is an institution that deserves the support of all good citizens.

The object of this society is to prevent cruelty to all living creatures, and to see that the laws of the state, relating to prevention and the punishment of cruelty to persons or animals, is enforced. Its officers are:

President—W. G. Palmer.
Vice-Presidents—W. T. Vankirk, J. M. Whitehead, Mrs. Elizabeth Butler.
Secretary—Mrs. John Peters.
Treasurer—E. B. Helmstreet.
Agent—S. B. Kenyon.

Its officers are not paid and give their services free, for the good they can do the public and society. They often sacrifice time and effort in thankless causes and bring down on themselves the wrath of those the society seeks to correct.

The society does much good and has proven the friend of tortured beasts, of mistreated children and women and the friends of misguided youth in many instances, times without number. Its ramifications stretch widely and it is called on from all over the county to correct abuses of all kinds where neglect and cruelty are working harm and suffering.

The courts have backed it up almost without exception and the men who offer it are conservative and careful in their work, investigating well and carefully before bringing suits. Its fame has come to be so well known and its punishments so sure that usually a warning is all that is necessary to cause evil doers to stop their abuses.

The society has never been able to afford a paid agent to devote his time to looking up cases and caring for them as they should. Any system of fees is frowned on as it might lead to abuses and a straight salary is not to be thought of. With more funds, freer contributions from the public, the society might do much more than it can now by having a representative to look after all the cases coming up and keeping tab on suspected cases.

One of the most important ends it serves is the finding of homes for neglected and maltreated children. This it does without the flourish of trumpets. It maintains a home in this city where a woman is paid for the care of children until they can be placed and there they are treated with the utmost kindness and care. Some who are cared for in established institutions have their expenses paid half by the Humane society and half by the county. All this takes money and more than the society can command now.

FOR OVER SIXTY YEARS.

Be sure and use that old and well-tried remedy Mrs. Winslow's Sore Throat Syrup. For children teething, it soothes the child, softens the gums, allays all pain, cures whooping cough and is the best remedy for diarrhoea. 25c a bottle.

STILL KEEPS IT UP.

"During a period of poor health some time ago I got a trial bottle of Dr. Witt's Little Early Risers," says Justice of the Peace Adam Shock, of New Lisbon, Ind. "I took them and they did me so much good I have used them ever since." Safe, reliable and gentle, Dr. Witt's Little Early Risers neither gripe nor distress but stimulate the liver and promote regular and easy action of the bowels.

Carpenter Won Two Mile Run.

At the indoor athletic meet held in the gymnasium at the state university Saturday night, Henry Carpenter son of Mr. and Mrs. Edwin F. Carpenter, of this city, won the two mile running race and Victor Marquise was third in the thirty-five yard dash. In speaking of the two-mile race, the daily Cardinal says:

"In the two mile run, Carpenter won, defeating Smith by a terrific sprint in the last quarter mile, after a close race."

INSURANCE MEN PAY THEIR TAXES

It is Based Upon Two Per Cent of the Premiums Earned—Goes Into Fire Police Fund.

A number of the fire insurance companies doing business in this city have paid into City Treasurer Father their annual tax of two per cent on the premiums earned. This tax goes into the fire police fund, and helps pay the running expenses of the company. The entire tax amounts to about twelve hundred and fifty dollars, and will all be paid in by February 1. Those who have paid the tax up to the present time are:

IS CHEESE WHOLESOME.

Some That is considered so no Educated Cheese Eater Would touch. What is the matter with cheese?

Simply this, that is come to be an almost universal belief that coagulated milk and butter fat, which are its constituents, must be "cured." The "curing" process is chiefly accomplished by time. It is not considered fit to eat until it is old enough and rank enough—from the gradual process of decomposition—to be buried.

The average palate has been gradually educated to relish cheese after it has undergone butyric acid fermentation, and is, in fact, putrid. This is plain English and it lies in the face of the reigning authorities on gustatory standards. Certain brands of the stuff, as Roquefort, Limburger and several other varieties sell at enormous prices simply because they represent the ideal degree of rankness—putridity.

This butyric fermentation has its proper bacillus, and in case of the special varieties present in Limburger and other delectable brands, the characteristic odor is vile enough and strong enough to bar all attempts at counterfeiting or substitution. The flavor comports with the smell, and either one would cause a respectable canine to drop his astonished tail and sneak out of the rankest soap factory or tanyard on the face of the earth. Every normal stomach rebels at it and every normal palate repudiates it at sight, taste or smell. Years ago when all the small dairymen made a little cheese for their own use, if not for the market, they began to eat it before it was a fortnight old—ate it as freely as they did bread, and never thought of it being difficult of digestion. Nor was it.

To put such compressed casein before a lover of Limburger would be to offer him an unpardonable insult. And yet, from a health standpoint, it is the only cheese that can be approved.

Of the semi-putrid, rank smelling and acid tasting stuff now sold for cheese, many persons cannot partake with impunity; and those who do eat it are compelled to be very sparing in their indulgence, making it a relish or condiment rather than a food. This is because it belongs with embalmed "beef," moldy bread and gangrenous game, for which palated palates either possess or profess a gusto.—Dietetic Magazine.

The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

NEWS OF THE COUNTY

BRODHEAD.

Brodhead, Jan. 27.—Mrs. T. E. Niles is at home for a couple of weeks.

Mrs. Albert Moore has been home from Chicago about ten days and is getting along nicely.

Mrs. F. H. Davis had an operation performed by Dr. Nuzum on Tuesday. She is doing nicely.

Mrs. Nora Fleck, who has been quite ill with tonsillitis for some days past is reported better.

Mrs. Brooks of Chicago was in Brodhead over Sunday with her parents, Mr. and Mrs. Jas. Harrigan.

Mr. M. M. McNair went this week to Watertown, S. D., on business, leaving here on Tuesday morning.

Mr. H. P. Young and daughter, Miss Amy Young, have been guests of Mr. C. N. Carpenter and family the past week.

Mrs. B. E. Lawton and daughter, Olive, returned to their home in Beaver Dam last Friday after a couple of weeks' visit with Brodhead friends.

Mr. Ralph Gammon went to visit his sister, Mrs. L. Swan, who lives between Hanover and Janesville. Mrs. Gammon has been there several days and they will return home together.

Mr. Halvor O. Ness had his arm broken very badly at the elbow last week. He was hauling a drilling outfit for Mr. David Rossiter, a dog ran out and frightened the horses, which ran away, throwing Mr. Ness out, with the above result.

Miss Jessie Roanree of Monroe, was the guest of Brodhead friends a few days last week.

There is many a slip 'twixt the cup and the lip. So too, there is many a slip 'twixt the hunter and the wolf.

Last Tuesday Messrs. Frank Gardner, George Marshall, Scott Fleck, John Koller and some others spent the day on the river bottoms tracking a wolf. They found the track all right and followed it until they were so tired, that had the wolf appeared, some of them would have let him pass without an attempt to fire.

The track proved too attractive for Mr. Fleck, for it flew up and hit him with such force that he retired from the field, leaving the pleasures of the hunt to be pursued by his companions.

Dr. W. L. Stephenson and W. H. Davis were also tracking the wolf and were so fortunate as to come up with him near Clarence and to dispatch him.

Mr. Wm Taylor, and his niece, Miss Gene White, of Edgerton, started for El Paso, Texas, last Saturday. Some time before, Miss Margaret White had gone to Texas and for a time very encouraging reports of her improvement were received.

About a fortnight ago news was received that she was not as well, and her uncle and sister started, with a view to caring for her. Great indeed was their dismay on their arrival to find that death had preceded them, for Miss White passed away on Sunday night, Jan. 19, 1902. The remains will be brought to the home in Edgerton for interment and are expected this week on Saturday. The sympathy of many friends is extended to the bereaved family in this hour of severe trial.

ROCK RIVER.

Rock River, Jan. 27.—The Ladies' Aid society will meet with Mrs. N. M. Rose next Thursday, Nov. 30. All members are requested to be present.

A large number from the River road attended the farmers' convention at Milton Junction last week.

Mr. and Mrs. Harry Green have been having their house papered and are preparing to move into their new home this week.

There will be a neighborhood party at Elmer Vincent's Tuesday evening.

Mrs. T. V. Rogers of Whitewater who has been visiting relatives here returned home Thursday.

Miss Carrie Nelson spent Saturday with her sister, Mrs. Allen Davis.

Mrs. Elizabeth Fassett had the misfortune to fall and break her wrist one day last week.

ELEVATED HEIGHTS.

Elevated Heights, Jan. 28.—Mr. Dick Leary, recently of Klondike, was a caller in this vicinity on Sunday.

James J. Duffy of Willowdale visited the Bower City on Saturday.

Auctioneer W. T. Dooley will call the fish in Gibbs Lake to the shore to hear him announce a sale to be given at John Kerrie's on Thursday at 10 o'clock.

The funeral of Miss Madge White on Sunday was very largely attended, although the storm was intense.

Frankie Sperry is slightly on the gain, although not yet out of danger. Dr. Smith of Evansville is attending him.

Another club dance is announced to be held in Fulton hall on Friday evening, Jan. 31. All are cordially invited to attend. Smart's orchestra will furnish the music.

On Sunday about 1:30 o'clock Messrs. Tom and Nick Rolly of Porter hitched up their driver, to take a drive, and going through the gate the hitchbolt on the buggy came out separating the front wheels and horse entirely from the rig, throwing the occupants to the ground. Tom escaped totally unhurt, while Nick received a slight wound on his nose. The day being rather blustery, White Daisy did not see fit to make a guileless wonder of herself, by going around the square with the front wheels of the rig attached to her, so she returned immediately to the barn.

MILTON AVENUE JOES.

Sunday was a cold, disagreeable day for those who desire the sport of hunting.

Matthew Leeman left last week for his home in Chicago where he intends to spend the remainder of the winter and take up his old trade of plumbing and gas fitting.

Last Thursday morning brought considerable excitement to this place, when it became known that Peter Bernard was the loser of four head of swine, averaging one hundred pounds each. The damage was done by some wild animal, thought to be either a timber wolf or a lynx. A party of the neighbors started out in search of the beast but could find nothing for all the identification it left to them was its foot prints and a lock of hair and the dead swine.

Mrs. Robert Spence of Porter was a caller on friends here.

A very entertaining story is being composed in this neighborhood, entitled "Where is the Man Who Carried the Grapevine?" The story is almost ready for press and will be bound in two volumes.

Since the wild animal passed through here some of the neighbors think it would not be a bad idea to carry fire arms. This means a rather unwelcome meeting for Mr. Wolf.

AVON.

Avon, Jan. 28.—Mr. Joseph Hawkins has purchased the Wm. Henry farm, formerly the Harper place.

Mr. Nelson Sill, Jr., has purchased the Foster Bros' place and will take possession March 1st.

Mr. E. O. Nelson, who was thrown from his wagon in a runaway accident several days ago is improving.

Mr. J. H. Harper returned to his home in Allen, Neb., last week.

Mr. Oliver Hlane has moved to the Nat. Smith farm near Brodhead.

Mr. Fred Leffler of Shiloh, Ill., visited his daughter, Mrs. Wm. Henry, Saturday.

Mr. Elmer Johnson went to Davis, Ill., to visit friends and was taken with a severe attack of pneumonia.

His mother went to care for him and was taken severely ill with the same disease. Mrs. Ole Benson went to help care for them several days and reports them as improving.

Miss Dora Frost spent Saturday and Sunday with Mr. John Slocum's family on the state line.

Mr. John Benson is attending business college in Beloit.

Cal. St. John and Alfred Gardner were quite busy with their wood saw last week.

NEWVILLE.

Newville, Jan. 27.—The steel for the new bridge has arrived and its construction is now rapidly progressing.

At the time of writing one span is nearing completion.

Wednesday morning while some of the bridge men were at work cutting off the old piles on the lee, Chas. Wille took a cold bath in the river.

Geo. Lackner, the town treasurer, was at the store Wednesday, collecting taxes.

The milk from the north side of the river is put across on a raft.

The social at M. L. K. Peck's Thursday evening was well attended, considering the other inducements.

The Ladies' Aid will meet with Mrs. F. C. Jennings Thursday, Feb. 6. Oysters will be served from 5 o'clock till 10. Price, 25 cents a supper.

I'll brave the storms of Chillicothe Pass, I'll cross the plains of frozen glass, I'll leave my wife and cross the sea, Rather than be without Rocky Mountain Tea.

Smith's Pharmacy.

EMERALD GROVE.

Emerald Grove, Jan. 28.—Remember the concert that will be given by the orchestra from the School for the Blind on Friday evening of this week, Jan. 31st, at the church. Special music is being prepared for this concert.

Entertainment begins at 8 p. m. Fees: Adults, 25c; children under 12, 15c.

Earl Wetmore was surprised last Thursday evening by about sixty relatives and friends. The guests were entertained at cards and other games, after which refreshments were served. A very pleasant time was enjoyed by all.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Mount Clemens, Mich., Jan. 29.—Fire yesterday destroyed the Original bathhouse, connected with the Avery Hotel here, and the loss is estimated to be about \$20,000, with \$9,000 insurance.

THE ESCAPE!

It is a noticeable fact in the present theatrical season that there has been a great dearth of comedy success and an overwhelming variety of cheap melodramas, in place before the public the delightfully original comedy, "All a Mistake."

Manager Arthur J. Woods has engaged a company of unusual merit, and placed at their head an artist of reputation in the person of Miss Katie Roth, who in addition to being an charming comedienne, is the acknowledged premier lady slide trombone player of the world. While possessing all the elements of a farce "All a Mistake," still has a tangible plot, carefully woven around a case of mistaken identity. At the same time being interspersed with carefully selected specialties and feature vaudeville, that leaves not a dull moment in the presentation. This company will appear at the Myers Grand opera house on Wednesday evening, January 29th.

Lost in the Desert

If the aim of the modern melodrama is to produce one prolonged thrill from the rise of the curtain to its fall from the last act "Lost in the Desert," the bill at the Myers Grand on tomorrow evening fills all the modern requirements of the melodrama. "Lost in the Desert," however, has something to commend it beside thrills. The scenic settings of the piece are of a high order and there is a particularly realistic shipwreck in the first act in which there is shown a vessel on fire at sea. The principal scenes of the play are laid in the heart of Sahara desert and an ingenious romance woven into it holds the attention of the audience to the end.

Woods has engaged a company of unusual merit, and placed at their head an artist of reputation in the person of Miss Katie Roth, who in addition to being an charming comedienne, is the acknowledged premier lady slide trombone player of the world. While possessing all the elements of a farce "All a Mistake," still has a tangible plot, carefully woven around a case of mistaken identity. At the same time being interspersed with carefully selected specialties and feature vaudeville, that leaves not a dull moment in the presentation. This company will appear at the Myers Grand opera house on Wednesday evening, January 29th.

Lost in the Desert

If the aim of the modern melodrama is to produce one prolonged thrill from the rise of the curtain to its fall from the last act "Lost in the Desert," the bill at the Myers Grand on tomorrow evening fills all the modern requirements of the melodrama. "Lost in the Desert," however, has something to commend it beside thrills. The scenic settings of the piece are of a high order and there is a particularly realistic shipwreck in the first act in which there is shown a vessel on fire at sea. The principal scenes of the play are laid in the heart of Sahara desert and an ingenious romance woven into it holds the attention of the audience to the end.

THE ESCAPE!

It is a noticeable fact in the present theatrical season that there has been a great dearth of comedy success and an overwhelming variety of cheap melodramas, in place before the public the delightfully original comedy, "All a Mistake."

ROCK COUNTY REPUBLICANS.

The harmony which has prevailed in the ranks of the republican party in Rock county will not be disturbed by the contest for governor. The spontaneous call for Senator Whitehead, to be a candidate, will be recognized as an honor to the county by the supporters of Governor La Follette, when they take time for so far second thought, and when they stop to consider that some man in some other part of the state would be receiving the same honor had not the Rock county man been considered the most available.

The men who are staunch supporters of the administration, whether in Rock, or any other county, are not responsible for the opposition, neither can they prevent it. The conservative element of the party will have a candidate in the convention, to compete with Governor La Follette, for a place at the head of the ticket. This element in the party, which is too strong to be ignored, have concentrated energies on one candidate, and the man happens to be John M. Whitehead of Rock county.

Because of this fact, it does not follow, necessarily, that the supporters of Governor La Follette in the county, should forsake him, and swear allegiance to the Whitehead movement. But as a matter of courtesy and appreciation, it is reasonable to suppose that direct opposition to him, will be withheld in the preliminary stages of the campaign.

Many fair minded republicans, who endorse the governor, take this view of the situation, and refuse to be identified with the opposition.

It is Senator Whitehead's good fortune to enjoy the confidence of the people throughout the state. It is a mark of distinction that should be appreciated by every resident of the county. He may never be the governor of the state; that remains for the people to determine. If he should be honored with the high office, the people of his home county will certainly have occasion to rejoice.

There is, of course, a broader significance to the situation than local pride. Senator Whitehead is selected as the exponent of certain principles, that his constituency regards as vital. These principles will be fully and fairly discussed during the campaign. There is more involved than simply enthusiasm for a candidate. The defeat of conservatism means revolution to republicanism. It means the defeat of Senators Spooner and Quarles, and an era of speculative legislation that will be harmful to the state.

This statement will, of course, be questioned by admirers of Governor La Follette. But thoughtful republicans of this class, when they stop to analyze the man and his methods, will be found to admit, that admiration for the governor in the traits that he possesses, contribute more largely to his popularity than any principles advanced. Governor La Follette is a magnetic leader; he inspires enthusiasm, more than confidence, and for that reason many of his supporters have reluctantly forsaken him.

There is no sentiment about successful leadership, except as it develops through confidence. The republicans of the state are to decide on a question that has to do with the best interests of the party. The Rock county contingency cannot afford to be influenced by either sentiment or prejudice. Contest for a governor must not be permitted to affect party harmony in the county, and expressions of opinion should be tempered with fairness.

THE OUTLOOK FOR JANESVILLE.

The business outlook for Janesville was never more flattering than at the present time. Electric lines from the west and south are an assured fact, and the new steam line of the Chicago & Northwestern, from the coal fields of Illinois, means more than a rumor. That the C. & N. W. road needs this feeder is readily recognized, and the benefits that will accrue to Janesville are very apparent.

Water as a motive power is no longer reliable, and all manufacturers are obliged to use steam. The question of fuel is of vital importance, and when the city is placed in close touch with an unlimited supply, it will benefit, not only the men now engaged in manufacturing, but will be an incentive for new enterprises. The city is in condition to take advantage of these opportunities, and if a proper spirit of enterprise is manifest, there is no reason why the town should not put on substantial growth.

Beloit is fast becoming a rival in population, and already leads us in industries. A new factory employing 1,200 men propose to locate there under conditions that are not unreasonable.

What the city needs is a chamber of commerce, or some organization, whose distinctive mission it is to promote the development and growth of the place. The Twilight Club, is doing good work along general lines

but it needs something more specific. There is no occasion for manufacturing a boom. Good times are here, and many good things are voluntarily coming our way. What it needs is some sort of organized effort to take advantage of natural conditions. What is everybody's business, is usually neglected.

A chamber of commerce, or some other organization, where energy can be concentrated, and utilized, would accomplish results, that would be both gratifying and helpful, and the expense, aside from the time invested, would not be burdensome.

COMMON SENSE DEMAND.

The endorsement of Senator Whitehead is so universal throughout the state, and his name has become so familiar that the opposition press treats the matter as though the senator alone was responsible for this expression of public confidence, and he has become the target of misrepresentation and abuse.

It would be well for these erratic journals to keep in mind the fact that Senator Whitehead is simply the exponent of principles endorsed by the conservative element of the party throughout the state, and support rallies to him, as a common center. If Senator Dennett, Mr. Alexander, or any other republican had been selected, the same enthusiastic support would be accorded.

Conservative republicanism is in the balance, the verdict of popular opinion is being expressed, and Senator Whitehead happens to be the recipient.

The tide of popular sentiment for a principle, can no more be controlled, than the wind. It will gather in volume and impetus as time advances, until the most skeptical are convinced that the men connected with it are neither shuffers nor enthusiasts, but simply common sense, every-day republicans, supporting what they honestly believe to be right.

It is more than a Whitehead movement. If he should die tomorrow, the work would go on, and the principles involved would be faithfully sustained. Conditions would be different if from any cause the opposition should lose their magnetic leader. The following of Governor La Follette is a personal following. His mantle could not readily be transferred.

There is little that is magnetic about Senator Whitehead, except his sturdy character and hard common sense. These are traits that inspire confidence, but they are not hypnotic. The men who endorse Senator Whitehead do their own thinking, and they are largely in the majority in the county and throughout the state.

The demand for him is a common sense demand, and it will win.

If Mr. Bryan's Commoner does not pay, he has a voice which does, \$2,500 for lectures in three months, means \$10,000 a year.

The Mexican earthquakes are traveling north. Wisconsin is quiet shaken up by natural causes.

There is no politics in Admiral Schley's reception, and it is gratifying to know that he has no political ambitions. Better to be the hero of Santiago than the football of a political party.

Too much theology in one university, and too much poker in another, makes it difficult to decide whether modern education is an improvement over the old district school.

Funerals and auctions are classed as legitimate ground for work, by the circulators of La Follette petitions.

Encouraging reports are coming in from all parts of the county. Senator Whitehead's endorsement is strong and significant.

PRESS COMMENT.

Milwaukee Journal: It seems impossible for the press support of Governor La Follette to be fair in reporting anything concerning the opposition.

In their report of the Milton Junction meeting when those present were questioning the senator regarding taxation matters, one of the questions asked was, "Do corporations appear to be honest and fair in their dealing with the taxation problem?" Senator Whitehead replied, "That as a rule the large corporations were fair, and disposed to assist. Some of the smaller ones had not been so disposed." Another evidence of this fact is that Senator Whitehead has been credited by some of the La Follette press with making a speech in the senate against the pass bill.

There was enough specification about this bill so that it could be identified. The La Follette paper should have referred to ex-Senator Woodworth instead of Senator Whitehead. The anti-pass legislation had no stronger supporter in the legislature than Senator Whitehead. Milwaukee Sentinel: It seems impossible for the press support of Governor La Follette to be fair in reporting anything concerning the opposition. There was enough specification about this bill so that it could be identified. The La Follette paper should have referred to ex-Senator Woodworth instead of Senator Whitehead. The anti-pass legislation had no stronger supporter in the legislature than Senator Whitehead. Eau Claire Telegram: There must have been a mistake in the date line (Jan. 26) in the Madison dispatch in the Milwaukee Free Press of today giving a political announcement direct from the executive office. It cannot be that the campaign is so hot that the executive office is open for political interviews on Sunday, though perhaps the windows were open for a cooling off process. It seems up this way, too, that there was another little error in the same dispatch—viz., where it says the present governor will be nominated by acclamation. The feeling among republican leaders in Eau Claire county is that quite another fellow is destined to be the recipient of the honor.

Milwaukee Sentinel: It is believed by the men who originated the White-

head movement that the popular expression of sentiment in his favor will be so overwhelming that there can be no room for a doubt of the truth of the claim that he is the people's choice. In the limited time allowed for the petitions to circulate, this belief has been demonstrated to be well founded. At all events, should he become the candidate he will be supported by the Wisconsin Republican league, a republican organization designed to perpetuate the principles of the republican party and not to advance the fortunes of one man.

Oshkosh Northwestern: The Madison Journal seems to think there is going to be a scalping bee in this state some time in the future, and this is the way it puts it: "The Whitehead club of Tomah will wear cotton batten wigs. We presume the La Follette men will decorate themselves with scalping knives in the expectation of taking the former's scalps." This may be the situation up to the time of holding the republican state convention but after that event the rival factions will again be found in one united party looking for the scalps of democrats.

Fond du Lac Commonwealth: Thus far Fond du Lac holds the record on Whitehead petitions. Two hours' canvass and 140 names will do very well for a starter but the list can and should be extended to ten times that number. Senator Whitehead is a clear headed, safe leader at all times and his nomination for governor will be a happy circumstance. Let every republican in Fond du Lac county sign one of the petitions asking Senator Whitehead to become a candidate for governor and a splendid start will have been taken on the fall campaign.

La Follette has cried harmony until the very sound of the word emanating from him is the merest mockery. Harmony, to La Follette, means you must do as I say. I am the only one. This would not be so bad if the judgment of the "I say" was anywhere within keeping with the attitude. Where a man lacks in judgment he should not be allowed to control. It is dangerous.—Waupaca Record.

Appleton Crescent: A neighboring clothing merchant has a new advertising scheme. Every Saturday he turns a greased pig loose from his store, and the man who catches the porker gets it as a prize along with \$5 worth of goods. By that means he has not only worked up a good deal of excitement, but he has already sold \$1,100 worth of new clothes.

Watertown Times: It is about time we heard again the sweet refrain that also is the poor man's butter, and the manufacturers angels of mercy in disguise. What examples of splendid citizenship this great meat packing business does produce.—Fort Atkinson Union.

And what examples of unselfish devotion does the dairy agitation produce.

Fond du Lac Commonwealth: The republicans of Fond du Lac would like to see the Hon. John M. Whitehead nominated for governor on the republican ticket; they are equally anxious to have Senator John C. Spooner re-elected. With Whitehead in the governor's chair and Spooner returned to the senate, there would be cause for considerable satisfaction among the republicans of Wisconsin.

South Milwaukee Journal: John M. Whitehead of Janesville would make an ideal governor. He is a staunch republican, a true citizen, and a thorough Christian gentleman. The senior editor of this paper has known him since childhood and can vouch that he sprang from the best lineage in the state of Illinois.

Milwaukee Journal: It is a sad commentary on the influence of the press but the fact remains that outside of the hustlers on both sides, the people of Wisconsin act as though blissfully unconscious of the fact that there is a row going on in the republican party in Wisconsin.

Fond du Lac Commonwealth, stalwart, rep.: The plea made by friends of Governor La Follette that no Whitehead petition be circulated in Dane county, comes with poor grace, when it is recalled that the La Follette men are doing all in their power to discredit Senator Whitehead in his own county.

Racine Journal: No one man owns a patent on tax reform, and no one man can carry such out with public sentiment backing it. Senator Whitehead modestly says he will do the best he can, and this looks more like business.

Evening Wisconsin: The democrats in congress have decided that their tectonic platform is still standing; but they have good grounds for misgivings as to the policy of mounting it at this time, when there is really no need of taking the risk.

The primary election law has passed into the background as an issue in this state and there is no longer any mistaking the fact that the real issue in the next campaign will be taxation reform.—Oshkosh Northwestern.

Racine Journal: The very general expression in favor of Mr. Whitehead's candidacy has come entirely without any previous working up or through sources of literary bureaus.

The senate will in the end pass the amended Philippine tariff bill reported by the majority of the finance committee, but the democrats will first indulge in a taling match.

IN DOOR COUNTY.

Sturgeon Bay Advocate: Petitions are being circulated in this city and county urging Hon. J. M. Whitehead of Janesville to permit the use of his name for governor before the next Republican state convention, and the documents are being signed by almost a mass. Mr. Whitehead is a member of the state senate, and father of

what is known as the present state tax commission. He is well equipped for the important office to which the people would elect him, and due time the petitions will be presented to him by the proper committee. It may be stated that the same work that is being done in this country is being carried on in every village and city of the state, all parties who have been named in connection with that of the governorship having given way to Mr. Whitehead, to whose standard the people are flocking with an enthusiasm in the political annals of Wisconsin.

GOOD TRADE IN FUR OF POLECAT

The Conditions in Southern Wisconsin

Seem Especially Adapted to Breeding of the Skunk.

Rock county has an industry of which the majority of its citizens are not cognizant although it was established at an early period in the county's history and is of a considerable magnitude as well as a source of great profit to those engaged in it. It is no less than the trapping of polecats or skunks for their furs. An article which has known a steadily increased demand among the furriers for several years past and which they substitute after their being put through various processes of tanning and drying for other higher priced and rarer furs such as the mink and the otter and after being put through a special process is even substituted for seal.

The skunk is a beautiful little animal about the size of a cat, though stouter and much heavier build, with rich black fur, strikingly varied by a variably shaped streak of white which extends down the back. Although the animals are found all over the country, the conditions in southern Wisconsin seem especially favorable to them, the animal that is secured here being larger, healthier and its fur brings a much higher price than that found in other sections.

The southern Wisconsin article brings as high as \$1.40 a piece while that of Michigan is not worth but 40 cents. Local dealers in furs and pelts state a number of the young farmers in the surrounding country are giving their entire time to trapping skunks and that large numbers are brought into the city every week and sold. One day last week two young men brought in twenty-two skins for one day's trapping which brought them a nice sum of money, sold as they were at ninety cents a piece.

In spite of its bad repulse, the skunk is an animal, state the trappers, of most cleanly habits and is easily secured. He is so fat and lazy that they are never known to move faster than a shuffling trot and are not afraid of men. When approached a skunk makes no attempt to escape.

The pelts secured in Rock county, are gaining a reputation, states a local hide dealer, and are always sure to bring the highest market price. Asked if he did not think the animals would be exterminated, he said there was no danger of that for years to come as they multiply very rapidly.

Grocers Favor Pure Food Law.
Milwaukee, Jan. 29.—The National Retail Grocers' Association adopted resolutions endorsing a national pure food law and disapproving the proposed parcels post legislation. A discussion was had of the advisability of raising the per capita tax from 10 cents to \$1, in order to make the association independent of the large manufacturers who have aided it in the past.

NEW SIGNAL CODE BY THE C. & N. W.

THE ROAD HAS DETERMINED TO
ADOPT STANDARD CODE.

The Change Will Be Gradual, and
Made So That the Men Will
Become Accustomed to the New
Rules in Sections—First Circular
Issued Yesterday.

The management of the Northwest-
ern road has determined to adopt the
standard code of railway signals for
its entire system. The change will
be gradual, and will be made so that
the men will become accustomed to
the new rule in sections.

The first circular relative to the
matter was issued yesterday by Gen-
eral Manager Gardner and General
Superintendent Ashton, and provides
that on and after February 2, green
signals will be abolished in so far as
their use indicates a special train, and
white signals will be substituted
therefor. This is one of the more im-
portant changes affecting train
operation, and the management de-
sires that the men shall become accus-
tomed to it before other changes
are made. The code which is being
put in is known as the American rail-
way association code, and one of the
objects of this code is to eliminate
the use of the color of red except to
indicate danger.

When the code is in operation up-
on a railway system a display of a
red signal in any way necessitates
an instant stop. At present special
trains carry on the engine pilot a
green flag by day and a green light
by night to indicate that they are
specials but hereafter the green lights
will be displaced by white. Probably
the next change will be in the charac-
ter of the light which is used to in-
dicate the sections of a train.

In adopting a standard code of sig-
nals the American Railway associa-
tion had in view among other things,
making it possible for a railroad man
to work on any road in the country
without the necessity of learning new
rules when changes his service.
Such a condition, it is realized would
materially lessen the probability of
an accident.

WEATHER FORECAST FOR COMING YEAR

Q. C. Mead, of Beloit, who has for
a number of years, made careful ob-
servations of weather conditions,
gives out the following predictions
for the coming spring and summer.

February will be warmer, warmer
than January and warmer than the
following March. The conditions in-
dicate that there will be rains during
the middle of the month, conditions
also indicate that there will be more
rain about the 22nd of the month than
any other period of the spring.

Excepting March, there will be
more dry weather during the spring
months than summer. Heat con-
ditions during the summer will be
made temperate by our present near-
ness to the large plants which will
produce cooling rains.

Rain dates for the month of May
are 7th to 15th, 11th to 29th. Storm
dates for June are 4th to 5th, 9th to
12th, 19th to 20th. On the 26th of
the month will occur a severe storm.
The moon indications are no rain
for the first three weeks in July and
this will be the drought period of
the summer. In the last of July and
the fore part of August there will be
continued rains.

ACCIDENT COST HIS LEFT THUMB

Lee Vance, an Employee of the Jeffris
Company, Hurt on a Sand
Paper Machine.

Lee Vance, an employee of the Jef-
fris company, met with an accident
this morning that took off his left
thumb and mangled the balance of
his hand. Vance was operating the
sand paper machine and had his hand
drawn in under the swiftly revolv-
ing disks of the machine. Before he
could withdraw his hand the thumb
was ground to a pulp and the fingers
and the palm of the hand badly crush-
ed.

The injured man was taken to Dr.
Whiting's office where Dr. Joe Whit-
ting amputated the thumb and dressed
the balance of the hand. The doc-
tor hopes to be able to save the fin-
gers and the balance of the hand. The
injuries are such that Vance will al-
ways have a crippled hand no matter
how well he comes out of it.

PLANS ARE MOST COMPLETE

The Ziegler Tailoring Department
Will Be a Model One

If one is to judge from the exten-
sive plans that have been made at
the T. J. Ziegler clothing house for
the new tailoring establishment that
is to be added soon it is quite evident
that the management intends to have
everything of a first-class nature. Car-
penters will soon commence the work
of remodeling the Main street store
and the work will be rushed so that
the store will be open to the public
about Feb. 15. To a Gazette repre-
sentative this morning Manager E. J.
Smith stated: "It is our intention to
give the public a tailoring establish-
ment that will be second to none in
this section of the state. We intend
to have at all times a most complete
stock of the very latest patterns so
that no one will be obliged to order
by means of samples. This method is
anything but satisfactory. The expert
cutter whom we have engaged is a
man whose reliability as an artist in
his line of work is beyond question.
The entire rear of our new store will
be devoted to the tailoring establish-
ment. Present indications are that
we will be open for business about
the middle of the coming month when
we will display our stock of spring
patterns."

The high school lecture course has
had a slight change in its schedule.
The recital and concert which was to
have been given on Friday evening of
this week has been postponed for
two weeks. This change was made
because Mr. Wood was unable to ob-
tain his leave of absence from Book-
re T. Washington's school as soon
as he had expected. He is surely
coming, however, on February 14.

CHRISTIAN SCIENCE TOPIC AT GRAND

Interesting and Well Attended Lecture
Last Night by Rev. S. J. Saw-
yer of Milwaukee

The Rev. S. J. Sawyer, presiding
over the Milwaukee Society of Christ-
ian Scientists delivered a lecture at
the Myers Grand last night to an at-
tentive audience of about 300 peo-
ple. The speaker was introduced in
a brief but happy way by Marshall
P. Richardson.

The society of Christian Scientists
has made some progress in Janesville
in recent years and they are said
to be contemplating a permanent or-
ganization with a regularly constitu-
ted leader or minister. At present
the membership reaches about 25.
Mrs. Frank Shearer holds the lead-
ership at present under the title of First
Reader. The members of the society
are very enthusiastic over the teach-
ings of their creed and propose to
extend its influence in every way
possible.

The sermon or lecture delivered
by the Rev. Mr. Sawyer last night
was simply a resume of the teachings
and doctrines for which the Chris-
tian Scientists stand sponsor. He
quoted freely from the speeches and
papers of the Rev. Mary Eddy, the
founder of the organization. He in-
sisted that a proper mental attitude
in subjection and love to God Al-
mighty would result in the cure of
disease and bring about and maintain
a perfectly healthy physical condi-
tion. He illustrated his address
with numerous instances of cures in
desperate cases where the conditions
were properly observed.

The body of the late Thomas Cloon-
an, who formerly resided at 208 Gold
street arrived in the city this morn-
ing from Chicago, where he died on
Monday.

Mr. Cloonan was seventy-four years
of age and resided in this city for
many years. He was employed for a
long time in the Chicago & North-
western round house and had also been
in the employ of the St. Paul company.
About a year ago he went to Chicago
and resided with his daughter, Mrs.
John Flynn whose husband is a mem-
ber of the Chicago detective force.
He had been ailing for some time and
finally passed away on Monday.

The body was brought to this city
this morning. The funeral services
were held from St. Patrick's church
this afternoon at 2 o'clock, the Rev.
Dean McGlinchey officiating. The in-
terment was at Mount Olivet cem-
etery. The pall bearers were Michael
Birmingham, D. Barry, Patrick Steed,
John Heffernan, Michael Mulcahey
and John Connell.

A number of beautiful floral offer-
ings were made by the sorrowing
relatives and friends. The deceased
leaves one daughter, Mrs. John Flynn,
of Chicago and several nephews in
this city.

Western Railroads Face Dearth of
Married Men—Need Mrs. Sec-
tion Boss to Cook Meals.

Western lines face an embarrass-
ing situation in a dearth of married
section men. Operating officials have
done their best, but they are unable
to cope with the problem. Sober,
industrious single men are still ob-
tainable, but they won't do. "This
is a case," an official of the St. Paul
road said yesterday, "where the fry-
ing pan triumphs over brains, and to
be honest, we're up against it."

"It is really the Mrs. Section Boss
that is wanted," he continued. "In
the far west there are great sections
of line, each divided into five and
six mile sections, in charge of a boss
and crew. Each has its section house
where the wife of the boss boards the
men."

"During the winter many section
bosses have found other work, and
there is no one to cook in the section
houses. Wages have been ad-
vanced, but it has been found impos-
sible to keep married men on some
of the stations."

"Competent, unmarried men are
available but without wives they are
useless. With wages of \$55 per
month and house rent free, it has
been found impossible to secure the
right men."

"As a result of the famine many
section houses have been closed and
the men have been sent to adjoining
section houses at great inconve-
nience. In other cases single men
have been compelled to fry and bake
for the common good, and constant
and frequent resignations have re-
sulted."

"Little improvement in the situa-
tion is looked for until spring, since
many of the sections are located in
lonely places with nothing but wilder-
ness for miles. Few women care to
face the severity of a western winter
in such surroundings."

FAMOUS POLO PLAYERS

The Fort Wayne Team Will Play in
This City Two Evenings

Arrangements have been made for
the appearance of the famous Fort
Wayne, Indiana polo team to play in
this city at the Palace rink on Fri-
day and Saturday evenings of this
week. The game promises to be the
most exciting polo contest of the sea-
son as the Fort Wayne boys are the
champions of the West. Manager
Taylor stated that he had considered
to re-open the rink for these two
games but that with the Saturday
night game the rink would close for
the season. The Indiana boys will
be given a most cordial reception on
their arrival in the Bower City.

Chinese Express Holds Reception.

Peking, Jan. 29.—The dowager em-
press made her formal debut before the
foreign ministers here yesterday at the
diplomatic reception. She occupied
the throne in the main audience cham-
ber, while the emperor sat behind a
table on a low dais before the throne.
The fiction of recognizing the emperor
as the sovereign was maintained, but
the dowager empress was the person-
age of chief interest and importance.

FIRE STARTED FROM STOVE PIPE

An Alarm Early This Morning Sent
Firemen to the Residence of
Chas. Kellogg, North Street.

An alarm of fire turned in this
morning at 7:52 from box 54 at the
corner of Center avenue and North
Streets called the department to the
home of Charles Kellogg, 301 North
street. The fire was among some
clothing in a room in the second
story occupied by his daughter and
was extinguished with the chemicals.

The fire is supposed to have start-
ed from a stove pipe, that ran up
through the room from the lower
story. The clothes belonging to the
girl hung on some hooks along the
wall about eighteen inches from the
stove pipe. It is supposed that the
fire caught first from some clothes
that either fell from the hooks and
lodged against the stove pipe or
were left on the floor against the
pipe.

A hot fire was started in the stove
down stairs and the heat from the
chimney ignited the clothes. It was
a merry fire for a few minutes and
destroyed about forty dollars' worth
of clothes besides damaging the wood
work to some extent.

SENATORS LOSE THEIR TEMPER

Physical Encounters Threatened During Discussion of Philippine Tariff Bill.

MR. FRYE'S GRAVE REBUKE.

Presiding Officer Compelled to Remind the Members that the Rules of the House Had Been Forgotten—New Canal Bill Introduced.

Washington, Jan. 29.—Bitter denunciations, unmodified criticism, and personal taunts marked the discussion of the Philippine tariff bill in the Senate yesterday. At times physical encounters seemed imminent and at the close of the session Chairman Frye warned the Senators that they had broken the rules and told them to be more careful in the future.

The Republican policy was denounced in most bitter terms by opponents of the administration, who declared it worse than Spanish rule.

Members of both sides lost their tempers, goaded to anger by the ugly charges of their opponents. Senators Tillman and Spooner were chief parties to one exciting discussion and Senator Teller made statements which aroused the ire of Messrs. Lodge, Foraker and Beveridge.

Once, when Senator Teller taunted the Republican Senators by declaring they knew the statements made in a recent dispatch from Manila, in which Gen. Wheaton was represented as criticizing the opponents of the government's policy in the Philippines, were true, a half-dozen Republicans were on their feet in an instant.

Senator Lodge, at whom the taunt seemed to be aimed particularly, hurriedly crossed from his seat in the center of the Republican side to the main aisle of the Senate, and, while to the lips, passionately challenged the statement of the Colorado Senator, and demanded that he withdraw it. Senator Teller so modified the statement that further hostilities at that time were averted.

One of the sharpest colloquies of the session was between Senators Spooner of Wisconsin and Tillman of South Carolina. The race problem, involving the lynching of negroes, was interjected into the controversy, and much feeling was manifested by both Senators.

Senators in their excitement seemed for the moment to have forgotten the subject of debate. The chair (Mr. Frye) was able with difficulty to maintain order. When the discussion finally was ended for the day, the chair felt called on seriously to admonish Senators that the rules of the body had not been observed, and after reading the rule which had been violated he expressed the hope that in the future Senators would have a care to observe it. Such an admonition has not been made by the presiding officer of the Senate in many years.

The War Department will not take any action respecting Gen. Wheaton's utterances, which were quoted in the Senate Monday. This is because the debate in the Senate proceeded upon a misapprehension of what Gen. Wheaton was reported to have said. It is found that Gen. Wheaton did not criticize the United States Senate or its committees.

SENATE HAS NEW CANAL BILL.

Measure Introduced Yesterday by Senator Spooner.

Washington, Jan. 29.—Senator Spooner of Wisconsin yesterday introduced an amendment to the Hepburn bill a measure which is generally understood to be the administration canal bill. The bill provides for the appropriation of \$135,000,000 for the construction of the Panama canal and \$180,000,000 for the construction of the Nicaragua canal. The choice of a route is left to the President, who is also charged with the responsibility of assuming direction of the work of construction and the expenditure of all moneys appropriated by congress for that purpose. The President is limited to the expenditure of \$10,000,000 for the Panama company's existing property and franchises.

There is an appropriation of \$10,000,000 at the disposal of the President, so that work may be begun without delay. The bill is a compromise intended to placate the friends of both the Nicaragua and Panama routes.

Provides for Fast Warship.

Washington, Jan. 29.—A cruiser and torpedo boat destroyer, with an electrical screw propeller, which shall have a speed of forty knots or more an hour, is provided for in a bill introduced in the Senate by Senator Penrose. An appropriation of \$500,000 is authorized. The bill was referred to the committee on naval affairs.

Will Buy Lands of Priests.

Washington, Jan. 29.—During the rather heated debate in the Senate Tuesday Senator Spooner of Wisconsin announced it to be the settled policy of the administration to buy the lands now being held by the religious orders in the Philippines and then sell the lands at cost to the actual settlers in the island.

Lakes Need a Naval Station.

Washington, Jan. 29.—The advantages of establishing a naval training station on the Great Lakes was presented to the House Committee on Naval Affairs yesterday by Representative O'Brien of Milwaukee. No action was taken.

Larger Salaries for Judges.

Washington, Jan. 29.—Senator Hoar, from the Committee on the Judiciary, yesterday reported favorably to the Senate his bill increasing the salaries of federal judges, but with the provision for increasing the salaries of Senators and Representatives eliminated. The bill fixes the salary of the Chief Justice of the United States Supreme Court at \$13,000 and of the Associate Judges of that court at \$12,500; of Circuit Judges at \$7,500 and of District Judges at \$6,250. The salary of the Chief Justice of the Court of Claims is made \$8,125 and that of the Associate Justices \$5,625.

Old Women's Home Burned.

Springfield, Ill., Jan. 29.—Ten aged women narrowly escaped death in a fire which destroyed the Old Women's Home shortly after noon Tuesday. The women were inmates of the institution. When the engines arrived several streams were turned into the burning building and the blaze was soon under control. The home was established several years ago and has been supported by the local circles of King's Daughters of all denominations.

Fireman Killed at Rochester.

Rochester, N. Y., Jan. 29.—A four-story building, occupied by the Rochester Machine and Sewing company, W. H. Hutchinson & Co., carriage trimmings, and the Brighton Manufacturing Company, was destroyed by fire yesterday. The loss is estimated at \$60,000. Several firemen who were on a ladder when the roof of the burned building fell in were thrown to the ground. One was killed and a number were injured seriously.

Big Fire in an Iowa Factory.

Davenport, Ia., Jan. 29.—The greater portion of the Bettendorf Axle company's plant was destroyed by fire yesterday afternoon. The loss, aggregating \$150,000, is distributed as follows: Plant and machinery, \$75,000; building, \$20,000; stock, patterns, models and designs, \$55,000.

Fire in Iowa Mine.

Albia, Iowa, Jan. 29.—The mine of the Mine Star Coal company caught fire last night from an explosion following shots set by miners. Forty men had just left the works.

Engineer Killed, Fireman Injured.

Syracuse, N. Y., Jan. 29.—The second section of the New York Central limited, east-bound, struck a switch engine standing on the track in front of the Onondaga station. The engineer of the limited—Dorsey Welch of Albany—was killed. Fireman Cahill of Albany was injured. No passengers hurt.

Man of Pure Silver in Montana.

Nielhart, Mont., Jan. 29.—Two prospectors—David Jewell and W. H. Harmon—have struck what is believed to be a mine of pure silver. It averages nearly \$3,000 to the ton.

Baby's Coming

McDonald, Ga., July 18, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.
Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

FOR THE CHILDREN

To Keep their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take Stuart's tablets, after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three year old girl takes them as readily as candy. I have only to say tablets and she drops everything else and runs for them."

A Buffalo mother a short time ago who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., New York, and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart tablets and I procured a box from my druggist and used only the large, sweet lozenges in the box and was delighted to find that they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE.
Subscribed and sworn to before me this 12th day of April, 1897.
Notary Public in and for Erie County New York.

For babies, no matter how young or delicate, the tablet will accomplish wonders in increasing, flesh, appetite and growth. Use only the large, sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.

Mothers who are seeking the ideal and proper medicine to give their little ones for constipation, diarrhea, colic and simple fevers will find LAXAKOLA the great family remedy.

It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it."

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA.

A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it, and it also will check simple fevers, break up colds and clear the coated tongue.

Great relief is experienced when administered to young children suffering from flatulency, accompanied with white or green excretions, from the fact that LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of fermentation, aids digestion, relieves restlessness, assists nature and induces sleep.

LAXAKOLA FOR WOMEN. It is a gentle and safe remedy to use during all conditions of health of the gentler sex whenever their peculiar and delicate conditions render a mild and efficient laxative and tonic, and is invaluable in assisting to relieve indigestion, constipation, and all the ailments which attend the menstrual period.

It improves the complexion, brightens the eyes, sharpens the appetite, cures the circulation, restores milder and healthful condition of the skin and cures skin diseases, such as eczema, eruptions, and all the ailments which attend the menstrual period. LAXAKOLA will invariably bring relief and a speedy cure. At druggists, or send for free sample to THE LAXAKOLA CO., 123 Nassau Street, N. Y., or 123 Northern Street, Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you're ill or will be. Keep your bowels open, and you'll be well. For, in the absence of regular bowel action, is dangerous. The amount of food that enters the bowels is not properly digested, and the result is a condition of the bowels that is dangerous to the health.

EAT 'EM LIKE CANDY. Pleasant, Palatable, Potent, Taste Good, Do Good. Suffer from Constipation, or indigestion, or biliousness, or headache, or dizziness, or nervousness, or any of the ailments which attend the menstrual period. Cascarets will invariably bring relief and a speedy cure. At druggists, or send for free sample to THE LAXAKOLA CO., 123 Nassau Street, N. Y., or 123 Northern Street, Chicago.

KEEP YOUR BLOOD CLEAN

YOUNG MAN! Tell us the condition of your system, and we will tell you what sort of future you face. You want success. Nervous weak people can not attain it.

PALMO TABLETS give you the nerve-strength that brings with it the sound, healthful energy which compels success.

They give you the ambition and magnetism which will not be denied. Take this remedy and note how quickly the hollow cheeks will round out; how quickly your complexion will assume the glow of health and strength.

First Death at Terre Haute.
Terre Haute, Ind., Jan. 29.—K. H. Hagerman, a miner who was shot by trainmen of an Interurban car at Seeleyville on Friday night died yesterday.

Refused a License.
Springfield, Ill., Jan. 29.—The Interstate Independent Telephone Company, incorporated under the laws of New Jersey with a capital of \$3,000,000, has made application to the secretary of state for a license to do business in Illinois with a capital stock of \$600,000. It has tendered the fee of \$645, but the necessary authority is being withheld because of certain irregularities in the application. This company recently obtained a franchise in Springfield after a bitter fight in the city council. It is probable that steps will be taken to revoke the franchise, as it is held the company has no legal status in Illinois. Senator Evans of Aurora is president of the company.

New Cabinet Post Approved.
Washington, Jan. 29.—Senator Nelson's bill, creating a Department of Commerce was passed in the Senate yesterday. It was amended in various particulars, the most important of the amendments being one changing the title to read "The Department of Commerce and Labor." It provides for a Secretary, who is to be a member of the Cabinet, an assistant, and the other officials and clerks necessary. The proposed department is charged with the collection and distribution of statistical information and with the development and fostering of foreign and domestic commerce.

For Prince Henry's Reception.
Washington, Jan. 29.—The program for reception and entertainment of Prince Henry of Prussia has been decided, so far as the exchanges between the President and the German Prince are concerned. The arrangements now agreed upon differ somewhat from those tentatively made heretofore and permit the Prince and party to spend more time in New York city.

Three Killed in Chicago.
Chicago Jan. 29.—While returning home from the Polish-Catholic Cemetery, where an hour before she had buried her only child, Mrs. Martha Rolek was instantly killed by a fast mail train on the Michigan Central railroad yesterday at 1 o'clock. Two men, Joseph Bojak and Joseph Swizek, who were riding in the same carriage were fatally crushed.
